

TOP THINGS TO KNOW BEFORE GETTING A NEW ROOF

PRE-CONSTRUCTION EVALUATION

1. BE PREPARED FOR NOISE.

Roofing crews will most likely start on your roof in the morning. For the duration of your roofs beautification there will be constant construction noise.

2. MOVE LOOSE ITEMS.

Remove items from walls and shelves such as pictures, plates, figurines, & other breakable decor. Hammering may create vibrations that can shake items off of walls & shelves inside.

3. PROTECT THE OUTSIDE.

Watch out for roofing debris. Move patio furniture, potted plants, gardening equipment, grills, etc. We take extra precautions to protect your things; however, there is a slight risk of bundles or shingles falling.

4. WE NEED OUTLETS.

We may need to use power tools for decking repairs, ridge work, or vent installation, so please be prepared to provide an outlet for our use.

5. MOVE VEHICLES, CLEAR DRIVEWAY.

We will need access to the driveway in order to load the shingles & during the clean up process. Things may fall, so protect your vehicles, bikes, boats, etc.

6. PROTECT GARAGE ITEMS.

If you don't have a finished ceiling in your garage, you can see the bottom side of the roof decking, move or cover things that may get damaged or dusty like cars, lawnmowers, or anything with valuable finishes.

FREQUENTLY ASKED INSURANCE CLAIM QUESTIONS.

Q: WILL MY INSURANCE RATES GO UP IF I CLAIM FOR STORM DAMAGE?

Filing a storm damage claim typically will not cause your insurance rates to go up, as storm damage is considered an "act of nature" or an "act of God" by most insurance companies, which are generally beyond your control. However, if a region experiences frequent storms or high claims activity, insurers may raise premiums for everyone in that area. It's best to consult with your specific insurance provider to understand their policies and how filing a claim might affect your rates

Q: MY ROOF LOOKS OK, BUT I THINK IT IS STILL DAMAGED. HOW CAN I DETERMINE IF THERE IS DAMAGE, & FILE A CLAIM WITH MY INSURANCE COMPANY?

Safely, from the ground, look for any visible signs of storm damage such as missing or damaged shingles, dents in siding, and gutter issues. If you see us working at your neighbors house, odds are you may have storm damage as well. Our experts are rigorously trained in identifying storm damage and will provide a free, comprehensive inspection. If damage is found, we will walk you through the entire process from start to finish.

Q: HOW MUCH WILL IT COST ME TO HAVE MY REPAIRS COMPLETED? WE DO NOT HAVE MONEY SET ASIDE FOR REPAIRS!

The amount is the deductible you have contracted with your insurance companies, we do partner with IKO which offers rebates for Military Members, both Active and Prior Service, we also offer financing.
